(End of clause)

### 52.245-9 Use and Charges.

As prescribed in 45.302-6(c), insert the following clause in solicitations and contracts (1) when a consolidated facilities contract or a facilities use contract or (2) when a fixed-price contract is contemplated, and Government production and research property is provided other than on a rent-free basis. If the conditions specified in 45.403(a) apply, the contracting officer shall modify the clause, as appropriate.

#### USE AND CHARGES (APR 1984)

(a) The Contractor may use the facilities without charge in the performance of—

(1) Contracts with the Government that specifically authorize such use without charge;

(2) Subcontracts of any tier under Government prime contracts if the Contracting Officer having cognizance of the prime contract (i) approves a subcontract specifically authorizing such use or (ii) otherwise authorizes such use in writing; and

(3) Other work, if the Contracting Officer specifically authorizes in writing use without charge for such work.

(b) If granted written permission by the Contracting Officer, or if it is specifically provided for in the Schedule, the Contractor may use the facilities for a rental fee for work other than that provided in paragraph (a). Authorizing such use of the facilities does not waive any rights of the Government to terminate the Contractor's right to use the facilities. The rental fee shall be determined in accordance with the following paragraphs.

(c) The following bases are or shall be established in writing for the rental computation prescribed in paragraphs (d) and (e) below in advance of any use of the facilities on a rental basis:

(1) The rental rates shall be those set forth in Table I.

(2) The acquisition cost of the facilities shall be the total cost to the Government, as determined by the Contracting Officer, and includes the cost of transportation and installation, if borne by the Government.

(i) When Government-owned special tooling or accessories are rented with any of the facilities, the acquisition cost of the facilities shall be increased by the total cost to the Government of such tooling or accessories, as determined by the Contracting Officer.

(ii) When any of the facilities are substantially improved at Government expense, the acquisition cost of the facilities shall be increased by the increase in value that the improvement represents, as determined by the Contracting Officer.

(iii) The determinations of the Contracting Officer under this subparagraph (c)(2) shall be final.

(3) For the purpose of determining the amount of rental due under paragraph (d), the rental period shall be not less than 1 month nor more than 6 months, as approved by the Contracting Officer.

(4) For the purpose of computing any credit under paragraph (e), the unit in determining the amount of use of the facilities shall be direct labor hours, sales, hours of use, or any other unit of measure that will result in an equitable apportionment of the rental charge, as approved by the Contracting Officer.

(d) The Contractor shall compute the amount of rentals to be paid for each rental period by applying the appropriate rental rates to the acquisition cost of such facilities as may have been authorized for use in advance for the rental period.

(e) The full rental charge for each period shall be reduced by a credit. The credit equals the rental amount that would otherwise be properly allocable to the work for which the facilities were used without charge under paragraph (a). The credit shall be computed by multiplying the full rental for the rental period by a fraction in which the numerator is the amount of use of the facilities by the Contractor without charge during the period, and the denominator is the total amount of use of the facilities by the Contractor during the period.

(f) Within 90 days after the close of each rental period, the Contractor shall submit to the Contracting Officer a written statement of the use made of the facilities by the Contractor and the rental due the Government. At the same time, the Contractor shall make available such records and data as are determined by the Contracting Officer to be necessary to verify the information contained in the statement.

(g) If the Contractor fails to submit the information as required in paragraph (f) above, the Contractor shall be liable for the full
